**Pioneering the drive
towards sustainable
disposable packaging**

A 7/64 & A 7/65, South Side GT Road Industrial Area, Ghaziabad,UP | 9711050700

ABOUT US

Aaray Packaging is a leading manufacturer of eco-friendly and sustainable paper packaging solutions for the food delivery industry. Aaray Packaging was established in year 2020 with the goal of providing sustainable packaging solutions.

Aaray started with a wide range of paper packaging products and gradually expanded the product range to meet the increasing demand for eco-friendly packaging solution driven by growing user demand for environment friendly products.

Aaray Packaging LLP

**AREA 15,000 SQF
25+ EMPLOYEES**

Location & Scale

Aaray Packaging has a modernized and advanced unit in Ghaziabad, NCR on NH 24. Location of our Industry is one of the biggest advantage since it allows shorter lead times.

We have an overall capacity to supply 400 tonnes of converted paper into final products. We keep adequate raw-material stock to ensure against supply risk which has become very pertinent in current times

Infrastructure

We place a strong emphasis on maintaining food safety standards in our modern production facilities. As a matter of policy, all production activities are managed in-house to ensure complete control over the quality of the final product. To maintain and improve upon these standards, we conduct periodic internal audits and provide ongoing training to key personnel to comply with all food safety compliances. This proactive approach demonstrates our commitment to providing safe and high-quality products to our consumers.

INNOVATION AND SUSTAINABLE EFFORTS

The issue of sustainable disposal practices has become a major concern for the world, and our organization is at the forefront of efforts to address this challenge. We recognize the need for change and are committed to being a leading voice in the movement towards sustainability. Our extensive knowledge and expertise in the field, combined with a focus on research and development, provides us with a unique perspective that we can share with our partners.

Major Clients

Collaborating with the leading players in industry as our major clients grants us the opportunity to keep them up with the latest innovations and keeping them ahead of the curve. In addition, it guarantees that our procedures and adherence to regulations remain current and responsive to market requirements. We also gain insight into various markets, which we can then share with our partners for their further advancements and benefits

1. PAPER BAG

As a top-choice vendor among many of the world's most critical markets, we boast an extensive and diverse product portfolio. Our partners have the flexibility to choose from a wealth of raw materials and take advantage of our low minimum order requirements for customization options, ensuring they receive tailored products to meet their individual needs and specifications. Our unwavering focus on quality and consumer satisfaction has earned us a prominent reputation as a preferred vendor, and we remain dedicated to delivering exceptional products and services to our esteemed clients.

Paper Bag Without Handle

Our Paper Bags are biodegradable and can be recycled, which makes them an environmentally friendly alternative to plastic bags. Additionally, they can be customized with the brand's design, which can help increase brand recognition and promote the business
